

ErisStation™ Conference Phone with Two Wireless Mics

Includes 1 fixed microphone and 2 DECT wireless microphones with Orbitlink Wireless Technology™

VCS702A

With the VTech ErisStation™ conference phone, everyone can get in on the conversation. It comes with two, removable DECT microphones featuring Orbitlink Wireless Technology™, making it perfect for small to medium-sized conference rooms. Meeting participants can spread out and speak without having to raise their voices, wherever they are in the room. Advanced audio features like acoustic echo cancellation, automatic gain control and dynamic noise reduction ensure premium, interference-free sound quality, improving conferencing for both sides of the conversation. Plus, integrated design makes it easy to charge the microphones right in the base and keep everything together.
